Subject: RE: Multiklient Invest Newfoundland Offshore Seismic Program, 2024–2028

Ian,
Maritime Forces Atlantic Safety and Environment (MARL SE) has reviewed the environmental assessment scoping document for the MKI Seismic Program 2024-2028. MARL SE has relevant information regarding the study area regarding Unexploded Ordnance (UXO), which is currently available through the NOTAMs Program. Naval operations are undertaken in waters surrounding Nova Scotia and Newfoundland thus increasing the potential for cumulative effects in MKIs Study Area. Please forward the environmental assessment documentation for MARL SE review as it becomes available.

Subject: Multiklient Invest Newfoundland Offshore Seismic Program, 2024–2028

Good Afternoon,

Please see the attached project description for a proposed seismic program as proposed by Multiklient Invest AS (MKI) & TGS-NOPEC Geophysical Company ASA (TGS). I have also included a Draft Environmental Assessment Scoping Document and a letter requesting your review and response. Please provide a response by November 15, 2023. If you have any questions please feel free to contact me.

Regards,

Ian

Ian Murphy

Recent proposed amendments to the *Atlantic Accord Acts* will expand our mandate to include renewable energy and change our name to the Canada-Newfoundland and Labrador Offshore Energy Regulator (C-NLOER). We welcome the inclusion of renewable energy to our regulatory oversight as we continue to support the energy transition. Updates on our exciting new journey can be found here: [Canada-Newfoundland and Labrador Offshore Energy Regulator \(C-NLOER\) - C-NLOPB \(cnlopbc.ca\)](#)
